MONIQUE MILLER

Monique Miller is an Outpatient Therapist at Central Minnesota Mental Health Center (CMMHC), providing therapy services to children, families, and adults. She obtained her Bachelor's degree in Psychology from the University of South Dakota and her Master's degree in Applied Psychology from St. Cloud State University. Her experience includes working in residential and day treatment for children and adolescents with severe emotional and behavioral difficulties. Monique provides mental health consultations in child care, Head Start, and county public health agencies that work with early childhood families.
